[ARCHIVED CATALOG]

MTH 402 - Mathematics Capstone Course

Concentration in mathematics; senior standing; grades of C (2.0) or better in four MTH courses numbered 300 or higher; consent of instructor. (3) CAP

Focus on reading, writing and presenting mathematics, as well as the process of engaging in mathematical research. Students prepare a paper and a seminar talk on an individually chosen topic, in consultation with the course instructor or other faculty. Students also take the MFAT exam. Intended for election in the last year prior to graduation. Usually offered in the Fall. *Graded ABCDE*
